

Rhonda's Client Appreciation Program

Rhonda feels that it is important to show appreciation to her clients for their business, and builds her business primarily through referrals. Because of this, Rhonda incorporates all of her customers into her client appreciation program. As part of this extended community, clients benefit from monthly contact that includes Market Trends, Gift Certificates, Dinners, Newsletters with tips for healthy, wealthy and fun living, and first notification of new listings.

Client Satisfaction is a higher priority for an ongoing relationship than any one transaction, and Rhonda works hard to exceed expectations. Many of her clients have come to her for their first home, and have gone on to achieve personal wealth through Rhonda's counseling on their long term plans. Personal homes, Investment Property, and Referrals to Realtors in other states across the country are only a few of the categories that Rhonda is happy to advise on.

When you are ready, give Rhonda a call at 407-486-7595. She would love to include you in her real estate family!
